# *Mitzvah Baskets?*

...A great and easy idea for your next party!

Mitzvah Baskets represents a program that provides beautifully decorated centerpiece baskets that you can "rent" from Jewish Family Service. Wicker baskets are filled with an assortment of packaged food items that represent food that is available in our Food Bank. The baskets are attractively wrapped by volunteers from the UJC Girlfriend Connection and decorated with ribbon (and ballons if desired) of your choice. These baskets are ideally sized for centerpieces and will be delivered directly to your party.
